

Annex F

Draft list of nominating bodies

1. Following the consultation exercise and decisions about the panel structure, the UK funding bodies will make a formal call for nominations for potential panel members. Nominations will be sought from a list of nominating bodies; a draft list of such bodies is provided below. This is based on the list used in the 2008 RAE, with the addition of a number of research user organisations from the private, public and third sectors.
2. Respondents are invited to suggest amendments or additions to the list. Only bodies with a particular interest in research and its use will be considered. Such bodies may themselves undertake, utilise, be influenced by or fund research. We particularly welcome suggestions for additional industry, public sector, charitable, cultural and other organisations that would be suitable to nominate research users as potential panel members. Individual higher education institutions and their constituent or subsidiary bodies may not nominate panel members.
3. Once the configuration of panels and the list of nominating bodies has been finalised after the consultation exercise, nominations will be sought for sub-panel chairs, members and associate members, and for additional members of main panels (sub-panel chairs will automatically become members of main panels).
4. We invite respondents to:
 - supply the names and addresses of any additional organisations which should be invited to make nominations, indicating how each one is qualified to do so
 - tell us if any of the listed organisations no longer exists or has changed.
5. We also invite the organisations listed below to confirm if they wish to be involved as nominating bodies for the REF, to update their contact details, and to suggest any additional organisations to add to the list. Nominating bodies can do this by e-mailing Kate Badger, k.badger@hefce.ac.uk
