Notes

- No data is available for the University of Portsmouth
- Only headcounts are available for the University of Luton
- Numbers less than five are represented by an asterisk, and institutions with a total number of franchised in students less than five are not shown
- Only headcounts are available for the University of Luton
- The data for the following institutions was updated with data supplied by the institution :
 - *1 Bournemouth University
 - *2 University College Northampton
 - *3 De Montfort University
 - *4 The University of Essex
 - *5 Although Newton Rigg College officially merged into the University of Central Lancashire for the 1998-99 academic year, there are a number of students registered as being taught at Newton Rigg College anyway.

*A updated for Bournemouth and Northampton using non-archivable data

*B Due to a problem with the special provision for Leeds in the hard code, this data was taken from a data set processed without the special provision for Leeds, and then updated by hand
The updates are: students at the Leeds College of Technology and another UK institution are reassigned to the Leeds College of Technology, and students at the Leeds College of Technology and Park Lane college are split evenly between the two
Also, one student at Barnsley College was removed

*C Data for Plymouth rearranged ; all double franchised students assigned only to their first institution, unless their first institution was Unknown or Other UK institution, in which case they were assigned to their second institution
The marked institutions are those that previously were part of a double franchising arrangement

*D De Montfort University and University of Essex were updated with data supplied by the institution

*E Students from the University of Central Lancashire, and also registered as being franchised there by the code, are actually franchised to Newton Rigg College, which merged with Lancashire for the 1998-99 academic year.
The name was changed by hand.
